

Clark County School District Open Book Survey

The Clark County School District (CCSD) is proud to be on [Open Book](#). Open Book was created in an effort to increase the transparency and openness of CCSD's financial data and is a public online resource containing details on school and central office budgets.

We welcome staff, parents, and community members to take a look at what it takes to keep the nation's fifth-largest school district running. Open Book provides handy links to useful reports, interactive dashboard tools with budget details, and helpful graphics to highlight how CCSD's budget is spent, making our financial information easily accessible.

In order to continue improving the transparency of Open Book, we ask that you take a brief survey <https://www.surveymonkey.com/r/HS7MYST> to help us understand the usefulness and quality of the information provided.
